The true Nativity Star

Script ref

Many times during the month of December people will recall the story of the Nativity. They will even bring out misinformed traditions, stories and misconstrue the timing of the events in question ⁽¹⁾, but what is often spoken of is the miracle star which lead the three wise men we call the (Ma'gi) strait to the Messiahs birth (2). Now, the only problem here begins with an interesting question. Was the miracle star really a magical star at all? Was the star really an angel in disguise? Was it a cloud of fire? Or was it something like a UFO? You'll be glad to know that it was none of the above. However we still wish to know that if it wasn't a star as scripture relates it to be then what must it have been? As many who have studied astronomy absolutely know that while stars move back and forth as in shooting stars, they don't move in unfamiliar patterns such as the one mentioned in our Nativity history. Therefore we must rule out the object mentioned in the form of a star. There's only one possible clear and a more suitable answer that serves what the B'rit ha dasha writers had in mind when they spoke of this peculiar star.....

Noach's Ark is the Church?

In this month we wish to share on misinterpreting Old Testament history. As it turns out recently there was a gentlemen ^(a) who was sadly misinterpreting an Old Testament historic record. He claimed that he had a revelation about Noachs Ark. He went on to elaborate that the animals who were on the ark though they were animals who differed in their behavior towards one another did not fraternize with upon the Ark. For example the Lion and others while being meat eaters ate other animals like sheep, deer, and such did not have reason nor appetite to do so then ^(b). The gentlemen went on to say that the reason for this was to teach the church about getting along with people who were different in the church setting. His explanation or "revelation" as he said was that some in the church like the lion usually saw nothing special about other animals, especially the ones that made for a good meal, but because of the situation while on the ark were at peace with one another ^(c). He said that's how some Christians are today they show no respect for those who are not where they are in church ^(d), even though they are in church! He said Noachs ark is the church today filled with lots of people not being at peace with one another because of differences. Well, I must object to this man's outlandish interpretation and attempt to explain away where the church is and what Noachs Ark is all about. For starters the church has absolutely nothing to do with the historic account of Noachs Ark. It has nothing to do with animal's verses characteristics for humans, and it certainly does NOT teach what this man had said. In fact in biblical perspective and within context the account retells about G-ds saving grace ^(e) and how G-ds love is to save those who will trust and obey him. As for situation of the animals.....

This Month's Hebrew word is:

מסרה (Ma'so-rah) tradition

Which Hebrew definition means: a giving over which is done by word of mouth or in writing, i.e. tradition by instruction, narrative, precept, etc.

This month's Hebrew word is Masorah. While we do not find this word mentioned in the Tenach (OT) we find it many times in the b'rit hadasha (NC) ^(N).....
