## World Upheavals

[Scrip ref](#)

This Month's message addresses the world's current upheavals. In a number of our letters in the past we have shared about what the world will soon face before the return of the Messiah. Over a two thousand year time span since the Messiah we have seen in past history many great calamities (a). But can these past calamities compare to what were seeing before our very eyes today? Actually I believe we are the generation which is living out the exact and precise last days prophecies of the Messiah. For he said this generation would be the one which would led up to the timing of the Anti-messiah (b), and on that note another interesting bit of news is that we have knowledge that the third Jewish temple is ready to go forward (c). The only thing which holds up the final process of the Jewish temple is the Red heifer. But guess what? The red heifer is now ready! And there's more than one just in case. With these clear signs of world crisis and Israel So close to building its third temple we can only phantom how much more until the Messiah appears for his body (d). We also know that the past generations were not the generations who were called to see the end time's prophecy come to pass. However many in those past times also imaged they were destine to see the return of the Messiah and didn't. Living in a state of world calamity and confusion today is a clear cut sign that we as believers should be seeking and preparing for our Messiahs coming. Why? Because as he said, "you know not what hour your master will return" (e). World calamity means were getting closer and closer to being with our Messiah, prepare then these days for the coming of our Lord!

## MIDRASH WITH THE RABBI

[Scrip ref](#)

### Will there be a New world Order?

According to the book of the prophet Dani'el (1) there is a kingdom which will come and devour the whole earth or world. The name of this kingdom is called the "One world government" which gets its title from this very passage of Daniel. The one world or united government system will be the main ruling force of the world during the times of part of the seven year tribulation (2). It will be functioning and will be in effect some period before the Anti- Messiah arrives in world history. There will also be a number of events which will lead to the setting up of this new world order. First of all let's understand that the new world order is NOT the American government by itself, although it has been said America's current leader has been conditioned to be a team player in the rising one world government system (3). Whether or not he or America will be involved is yet to be seen. Secondly the main event which leads to a setting up of this new one world government actually beings with ten kingdoms coming together and forming the united one world system (4). This has not happened as of yet though we are getting closer. Another clue to know that the new world order is not here yet is based on what rabbi Sha'ul (Paul) calls as a time of false peace and security which happens sometime before the seven year tribulation happens (5). We have not seen this false peace or security happen completely but it too is just around the corner. Lastly the biggest event which will help open the door all the way for the starting and forming of the new world order is the war of Gog and Magog (6). So as we have it thus far, we have not seen this war just yet, but again it will happen as prophesied from Ezekiel the prophet. Based on these biblical prophetic facts the new world order is surly on its way, but make no mistake it will arrive perhaps even sooner than we think!

### U.S., Israel say Syria arming Hezbollah with Missiles

MAY 2010

WASHINGTON (Reuters) - U.S. and Israeli defense ministers accused Syria on Tuesday of arming Lebanese Hezbollah guerrillas with increasingly powerful missiles, but Israel said it did not intend to provoke a conflict over the buildup. The comments by U.S. Defense Secretary Robert Gates and Israel's Ehud Barak stopped short of identifying what type of missiles were being supplied to Hezbollah, after reports that the group had obtained long-range Scud missiles capable of hitting targets across the Jewish state. U.S. intelligence and defense officials have cast doubt on Israeli allegations that Scuds have reached Lebanon. Gates, who spoke alongside Barak after a meeting at the Pentagon, said Syria as well as Iran were providing Hezbollah with weapons of "ever increasing capability." "We are at a point now where Hezbollah has far more rockets and missiles than most governments in the world," Gates said, noting that Washington was following the matter closely. Barak said the missiles could "disrupt the very delicate balance in Lebanon." But he played down the chances of a conflict over the transfers

## Hebraic Perspectives

This Month's Hebrew word is:

ענן **-(Ah'nan) Afflicted**

Which Hebrew definition means: (a cloud mass, cloudy, (of theophanic cloud))

### Portion- Mattiyahu 24:30

Scrip ref

This month's Hebrew word focuses on the second coming of the Messiah. For in Mattiyahu (Matthew 24:30) we find that when the Messiah appears in the heavens a second time he will be accompanied with his angels (1) and not only with his host of angels, but with one very important feature. The scriptures foretell that our Messiah will appear in the clouds. However what most people never seem to notice here is that the word for cloud is not meant or to be taken in the literal sense. The cloud or the clouds is a symbolic representation of the literal Sh'kinah (Glory presence of G-d) which is the manifested brightness or brilliance of light in G-d (2). It is also this great light that the wicked or evil fear and can not come into the Sh'kinah Glory of G-d (3). Another instance of where the Sh'kinah appears is first found in the Torah (4). There it appeared or was seen in the (Sh'kinah) or cloud which followed the Jewish nation in the wilderness (5). This is the very same cloud which will return at the appearance of the Messiah.
