Monthly Inspirational Reading

waking up!

Scrip ref

This month I'd like to share on something I had heard recently. Image your in place where no one is willing to be involved in the things of G-d. Even better image you're a Pastor who has watched life past by for many years and is barely noticing after these years that there is a lack of involvement, care and the lack of concern for the community around you. I call this waking up! But sadly should it have really taken this long to notice what has been happening all along? Sleeping mode has had its hold on quite a number of believers in the community, we also call this apathy. Leaving most ineffective and unproductive for G-d. Having a lack of discernment to see what's happening around you can also keep you from seeing G-ds agenda for the unsaved. Yes, life maybe busy but are we really busy for G-d or for ourselves? Apathy is a dangerous tool of our enemy and he will use it so long as believers will continue or fail to do nothing about it.

Yeshua (Jesus) said that our enemy only comes to steal, kill, and destroy (1). How has he succeeded in your community, life, or even church? Apathy is a form of laziness or the lack of interest in or concern for things that others find moving or exciting. If we wish to disarm our enemy we need to know how to attack back! The opposite of "apathy" is "activity", but we should also learn to be a people who not only will be active in prayer but will take action through deed (2). Knowing exactly what G-d wants us doing will prevent apathy from taking over. Apathy will cost us if we do nothing at all! G-d has hands, but if his body fails to obey his command to move how will "HIS will" be accomplished in us and around our communities? Point is that is won't unless we act in accordance with G-ds word. Let's start waking up people!

MIDRASH WITH THE RABBI

Scrip ref

**Is there really no difference between the Jewish person and Gentile?**

In the book of Romans it is written; "For there is no difference between Yehudi (Jewish person) and Yevani (Greek) for the same one is Adon Echad l'chulam (one L-rd over all), rich to all who call upon Him (a1). The writing of Rav Sha'ul (Paul) here does not zero in on cultural or ethnic issues between Jewish person and Gentile. The focus really is on Emunah ("faith") for it is through faith that both whether Jewish or Gentile must come to Messiah. Unfortunately many only concentrate on the word "NO DIFFERENCE" which then leads many to dismiss and disrespect the position of Jewish souls in the family of G-d (a2), because after all they make no difference, which really means they no longer matter to G-d or are of any more importance than any other ethnic group, were are all the same! I really must beg to differ at this point because ethnic and cultural issues remain in tact for all. Just because one comes to faith in Messiah Yeshua (Jesus) does in NO way dismiss their ethnicity or position in G-ds plans. The fact is that there will be Jewish souls and Gentiles in the future millennial Kingdom age but both will not share the land of Israel. This means that there is a difference and a different plan for our Jewish people. Which further supports the idea that Jewish people do mean something to G-d, and that we will inherit the final promises of G-d when Yeshua returns. Looking at Romans and getting the idea that Jewish souls have no place, distinction, or difference or don't matter in G-ds family really is a poor perspective. The issues of scripture between Jewish person and gentile teach that by faith Jewish person and gentile are saved. By faith in Messiah both are sanctified (b) and justified(c) whether we are Jewish or gentile the means to all of this is faith alone! And through faith are we both linked to the one Messiah, but once again we remain

### Rockets found in Lebanon NOV 2009 after attack on Israel

The Lebanese army said on Wednesday it found and deactivated more rockets in an area from where a similar device had been fired into Israel. An army statement said troops found four 107-mm rockets in the garden of a partly built house as they searched the area a day after a rocket fired from the southern village of Houla hit the northern Israeli border town of Kiryat Shmona. Israeli artillery fired into Lebanon after Tuesday's rocket attack. There were no casualties or damage on either side. UNIFIL, the peacekeeping force in southern Lebanon that was expanded after the 2006 war between Israel and Hizbollah fighters, said the rocket attack was a serious violation of UN Security Council Resolution 1701, which halted the war. "This was the fifth such incident this year. Such attacks are evidently aimed at provoking renewed hostilities to undermine the security and stability in the south," said UNIFIL spokeswoman Yasmina Bouziane. "It is also a cause of concern that the IDF [Israel Defence Forces] returned fire with artillery shells into Lebanese territory." Earlier, UNIFIL commander Major General Claudio Graziano

## Hebraic Perspectives

This Month's Hebrew word is:

תעה -(Ta'ah)

Which Hebrew definition means: to err, wander, go astray, and stagger, deceived

Portion- 1Cor 6:9-10

Script ref

Here rav Sha'ul (Rabbi Paul) in 1Corinthians 6:9-10 teaches a very serious lesson on godly conduct. The whole chapter actually begins with how could the believing community run to the unjust of this world looking or expecting justice against their own brethren (bad witness). He then says be not Ta'ah (deceived) about this thing they were doing in G-d's sight! Hadn't they realized that they were called to represent what is just, right and fair in behalf of G-d on this earth? Should have the believers of the community been taking their quarrels to unjust judges of this world? The answer of the apostle was NO! All legal matters of the day were to be settled by the believing community among believers. However the Jewish way of his time was to settle matters within the Jewish court of law, not run to secular court and expect fairness from them. The thing most which is his concern was trying to communicate that their witness was unsatisfactory and was lacking showing love to their own brethren, which made them seem or look just like the unjust of this world. Who as sha'ul said
